Maybe an Island theme with music echoing the spirit & romance of the tropics pleases you.

How about a Sensational Horn Band to kick the party into overdrive & help create the memories of a lifetime!

From your Rehearsal Dinner & Wedding Ceremony to your Cocktail Hour & Reception, We've got you covered!

The right entertainment can set the tone & atmosphere for a Great Wedding. Our Talented Musicians & DJ's will help create the ideal mood for You & Your Guests.

At Windfall Enterprises, we can Customize your Wedding Day Music with these ideas or some of your own.

A Celebration to Remember: Wedding Reception Tips

Consider older guests from a different generation, like Parents & Grand Parents. For their comfort, be mindful of where they sit in relationship to the Band/DJ & PA speakers. Your thoughtfulness of their enjoyment will be greatly appreciated.

Make sure the Band/DJ has experience with facilitating the protocol of your Reception. (acknowledgements, introductions, garter & bouquet, etc.)

A Great Wedding is like a song. It takes all parts working in harmony to create a Master piece.

Everything takes time. Be sure to allow enough time for all of your activities to be completed comfortably.

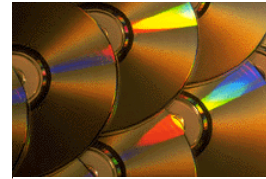

Enhance Your Day with Live Music!

Windfall is also a World Class Duo that features Male & Female Vocals, Keyboards, Saxes & Flute in outstanding presentations designed to please.
